Click on the images to view each game Both versions of the new edition of the most popular soccer video game share the same core gameplay features: create a successful team from your favourite football players, manage the team, play friendly or competitive matches, and earn money to improve your players with strength and skills. Each FIFA version also includes a variety of new features to engage players in new and unexpected ways: Motion Capture: Fifa 22 Cracked 2022 Latest Version allows players to see and feel the energy and emotion of real-life football, by capturing the movements of 22 human subjects and recording them in the game. Players can view their own movements and those of their opponents as well as scorekeepers, coaches and pitch officials. Motion capture data also powers gameplay, adding another dimension to game decisions. FIFA Ultimate Team: players can begin earning items for their team in Ultimate Team and earn trophies to play for in matches. New Ball Physics: FIFA 20's ball physics was revamped to improve accuracy and bring a bigger ball touch feel, resulting in better touch, more control, and more realistic movement of the ball. Improved Ball Handling: Players can see a read-out on the pitch indicating the ball's speed and direction, and players can make more precise decisions regarding the ball. A new match engine optimises crowd animations. Gameplay also features a new, live pitch in order to enhance player and spectator experience. In terms of gameplay, FIFA 20 introduced a new Attacking Intelligence system, which enables players to learn where their teammates are going and identify what area of the pitch they prefer, even when they're not in possession. A new Tactical Decisions system also gives players many more options when taking shots, and an improved AI system increases player intelligence, and situational awareness, leading to more chances and shots. 2018 FIFA World Cup Russia™ As of 28th May, 2018 the official 2018 FIFA World Cup Russia™ app has been released. What's new in Fifa 22:

- **A NEW *BEAST* to deliver the most authentic feeling of destruction**
- **Rivalries to keep you hooked for the whole season**
- **YOU Can’t do it alone!! The new online co-op mode lets friends play together in split-screen and local multiplayer**
- **Keep your share moments contained in a big bundle of awesome with the new in-game photo mode, Frostbite & Create a Player**
- **The SIX ELEMENTS Trailer Hits UK On 14th February 2019**

FIFA 21 introduced “Six Elements” gameplay, in which the ball could be kicked into the air and come down with multiple different path options before landing on any point on the

ground. The challenge with the Six Element Pack was that it required players to move in and out of six different gameplay areas, meaning players could be too far away from the ball, or out of the frame entirely. With the new “Seven Elements” gameplay, this is now a one-time, pass/no-pass move. In FIFA 22, there are now seven different gameplay areas, including two new ones. In addition, the ball can now change direction off the ground, making the gameplay more immersive. **LOAD BALLS/FOR FREEKES AND TOUCHES Career Mode**

- **NEW Freekick & Video Tutorials in Pro Clubs**
- **NEW “PRESSURE RELEASE” Button to launch passes into free kicks and long-distance passes**
- **FIFA Pro Players can now use the Pass button on long-distance passes (no short passes)**
- **The Commentary keeps you up to date with players on the pass**
- **Supporters can now set off flares and fireworks from the pitch**
- **Experience the unique Fan Engagement option, with fans now able to use multiple flags to raise during pitch moments**
