Geometric Sniper is a sniper game where you have to eliminate the enemies with a gun which has been developed on the basis of geometric characteristics. The aim of the game is to collect all gold coins to go to the next stage to provide the maximum levels.

---

There are 24 missions in the game, and each mission has more than one stage. At the end of each stage, a number of gold coins with various numbers and sizes will be offered as rewards, so you have to collect them all. Graphics: Graphics: The game is designed with highly detailed graphics. The background is rendered in great resolution. All layers are at maximum detail, and the colors of everything visible on the screen will give it a bright look.

Game Modes: Game Modes: The game offers two modes: Endurance and Rush. The Endurance mode is an endless game where all stages are offered to you at the same time. For the Rush mode, you can only choose the last stage of the game, then your goal is to complete the game fastest. Features: Features: The game offers 12 gun models, each with 10 modifications to choose from. For the color of bullets and shells, you can choose from 9 colors in addition to the standard color. The game offers a detailed description of all areas of the game in the top left corner of the screen. The game has a very challenging

Please note: The ball is infinitely respawnable, and has unlimited bounces, but you can't really go forward once you're behind the wall, or too close to the top of a level. Notable Game Features: - Huge levels with at least one boss, with chain-reaction puzzle level, such as the ones with the sniper and the giant bugs.- Puzzles.- Game difficulty levels; 10, 100, and Boss mode.- Unique Bonus stage, an extra level after all the main levels.- Unique 2ply mode, which will make the ball float in mid-air, or explode, so it will be useful for puzzles.- Unique Bonus tracks, to listen to while playing (if your headphones work).- Secret areas and routes, with unlockable powerups and levels.- Includes OST, Death's Hangover Original Soundtrack, made by J.Sterling. Note: If you are running X11, You can run it with -ddmf option instead of -gamemode 2ply. This will run the game in singleplay mode, without any bonus levels. This page will inform you of

the Game "Coyote" (a crossover between 10.Days and Hotline Miami), and will add it to Steam when released. The game will be released on November 20, 2014. Game Notes For now, we do not have any previews to show or discuss, but when we do, we'll be sure to tell you about it! Newer Game, Newer Rules Please note that new titles released on Steam will have recent updates for bug fixes and improvements, and that the game may NOT include an OST and/or Bonus Tracks, or they'll be generic sound tracks. Old titles released on Steam will have the OST and Bonus Tracks, if available, as it is the newer versions with the better games. Game Features You are a Coyote; a member of a group of law enforcement dogs tracking down criminals. Your superior Inspector has called you from the top of a tall building, to rescue a young girl that has been kidnapped. There is an armed gang of criminals, with four members with an automatic rifle, and four more with pistols. In addition, they have been holding the girl hostage in the building's basement, and they will use her
